

REPUBLIC OF NIGER

Meeting with H.E Ali Illiassou, Ambassador 11th February 2014

The Ambassador was pleased to hear about the initiative and was very excited to be involved in the same. Since the participation from Niger was very less, he ensured that he would do his best to spread this word across.

He asked us to send across hard copies of the collaterals, posters and guidelines in French, which he would like to send across to the Ministry of Youth and Ministry of Education in Niger.

He saw the INDIAFRICA Festival report and was interested to hold an on-ground activity for INDIAFRICA in Niger. He would connect us with Airtel in Niger for sponsorship and give some lists of Universities, Companies and decision makers in the city we could connect with.
