

REPUBLIC OF TOGO

Meeting with Mr Koffi Akakpo, Charges d Affairs a.i Togo 13th February 2014

Mr Koffi Akakpo asked the INDIAFRICA team to send a request letter with a copy to Mr Lalwani (Honorary Consul of India to Togo) stating that we would want him to arrange for meetings with the head of Ministry of Education and Ministry of Youth in Togo during our promotional trips, along with what we would like to do in Togo during our trip to promote and drive participation.

The same would have to be communicated to the High Commission of India in Accra, as they are the ones who look after the Togo, Benin operations in India. Once we send out the request letter, He promised to confirm our appointments at the earliest.

One we have met the people they will try to arrange for an interactive session immediately with the INDIAFRICA team. The ambassador was already aware about INDIAFRICA and was really interested to spread the word about the initiative in Togo. According to him to drive participation from Togo, INDIAFRICA would have to physically travel there and connect with the youth rather than via digital means.

The Ambassador was hopeful for a positive response and told us that to forge a link to entrepreneurs from Togo it would be important to meet with the Ministry of Youth.
